|----------|-----------|---|------------|--------|
| | | <p>Per meeting on 2/7/2023 - Customer agrees to the following by signing Pricing Estimation #1240 below:</p> <ul style="list-style-type: none">• Manufacturing the “original formula”. This may increase streaks and embedded particle size, (as in the past, which you will recall was a minimal, acceptable amount).• Tack levels you approved were retained from Job#16297 and will be used for any future production runs.• The order will come with a Certificate of Conformance stating that we have put in the agreed upon combination of ingredients.<ul style="list-style-type: none">o We will no longer provide the Certificates of Analysis on each order.• Having agreed upon a standardized product, we will no longer accept complaints for your products that are inherent to the nature of your formula which include smell, color, skin irritation or due to human variables outside our control which include use of lotion like not following application directions (“put on and hold for 5 seconds” as your packaging states), individual chemistry, etc. It is very important that it is understood that people can react differently to patches just as some people cannot wear a common bandage due to a skin reaction.• Payment terms will be 60% payment upfront and balance will be due prior to shipping. Issuance of your Purchase Order accepts all of the above. 60% Payment = \$62,850.00 Rec'd 1/1/2024 via ACH. <p>Page 2 of 2</p> | | |
