## MLG-A50™ Alkaline Fulvic Mineral Liquid Concentrate

**Product Name:** MLG-A50™ Alkaline Fulvic Mineral Liquid Concentrate

**Product Number:** HHAK10FA100

**Identity:** MLG-A50 Alkaline Fulvic Mineral Liquid Concentrate is a trace mineral supplement.

**Processing Details:** HHAK10FA100 is a purified water extraction of mineral clay (bentonitic) a mined material that has a long history of safe usage as a rich source of macro and trace minerals.

**Origin:** Kalamazoo, Michigan, Manufactured in the United States

### 100% Ingredients List

COMPOSITION	PER LITER
Mineral Clay (Extracted)*	0.12 %
Fulvic Acid	4 %
Moisture	95.88 %

**Testing Method:** The product has been tested by an accredited third-party laboratory using the LAMAR method to determine the Fulvic acid content. The LAMAR method is one of the most up-to-date standardized methods.

**Microbial Analysis:** The product has been tested by an accredited third-party laboratory and confirmed to be free of microbial pathogens including *E. coli*, aerobic bacteria, yeast, mold, *Staphylococcus*, and *Salmonella*.

**End/Intended Use:** In Beverages, as a good soluble source of trace minerals in concentrated form.

**\*Extraction:** We use a multi-stage purified reverse osmosis water at ambient temperature to extract the minerals. There are no solvents, synthetics, or chemicals used in our manufacturing process.

**Animal Products and Allergens:** There are no animal products or derivatives used in the manufacturing of MLG-A50 Alkaline Fulvic Mineral Liquid Concentrate. It is allergen-free, non-GMO, and contains no dyes or preservatives.

**Packaging:** It is packaged in FDA-approved containers or glass droppers with tamper-resistant sealed caps.

**Certification of Current Good Manufacturing Practices:** Mineral Logic is a UL and NPA cGMP certified manufacturer.
