Aprilia, 11th January, 2023

TO WHOM IT MAY CONCERN

The undersigned Celeste Fiore, Regulatory & Manufacturing Compliance Specialist of CATALENT ITALY S.p.A. located in Via Nettunense km 20,100 – 04011 Aprilia (LT) – Italy, hereby

DECLARES

that the new Cosmetics Regulation (EC) 1223/2009, which entered into force on 11th July, 2013 in the European Union, does not require a formal certification of GMP compliance for manufacturers of cosmetic products. According to art. 8 of the said Regulation - '*Good Manufacturing Practice*' - cosmetic manufacturers are only required to observe the following provisions:

1. The manufacture of cosmetic products shall comply with good manufacturing practice with a view to ensuring the objectives of Article 1.
2. Compliance with good manufacturing practice shall be presumed where the manufacture is in accordance with the relevant harmonized standards, the references of which have been published in the *Official Journal of the European Union*.

Therefore, the adoption of the harmonized Standard UNI EN ISO 22716:2008 – *Cosmetics – Good Manufacturing Practices (GMP) – Guidelines on Good Manufacturing Practices* – by cosmetic manufacturers presumes their conformity with GMP.

In witness thereof,

Celeste Fiore
Regulatory & Manufacturing Compliance Specialist
Catalent Pharma Solutions

Good Manufacturing Practice Certificate

COMPANY: *Remilia Hair LLC*

To Whom It May Concern;

GAR LABORATORIES, INC. located at 1844 Massachusetts Avenue, Riverside California, is a science and technology based company that develops and manufactures a portfolio of haircare and skincare products and services for customers nationally.

Products for *Remilia Hair LLC* are manufactured and packaged at GAR LABORATORIES, INC. comply with stringent quality control systems and are in compliance with regulations set forth by the United States Food Drug Administration (US FDA).

GAR LABORATORIES, INC. engineers all products to the best of our knowledge that they may contain one or all of the following: vegetable, synthetic, inorganic and mineral in origin. GAR LABORATORIES, INC. engineers all products to not contain any biological bovine, ovine, caprine extracts and is free of "Bovine Spongiform Encephalopathy (BSE)".
