### TO WHOM IT MAY CONCERN

The undersigned Celeste Fiore, Regulatory & Manufacturing Compliance Specialist of CATALENT ITALY S.p.A. located in Via Nettunense km 20,100 – 04011 Aprilia (LT) – Italy, hereby

### DECLARES

that the new Cosmetics Regulation (EC) 1223/2009, which entered into force on 11<sup>th</sup> July, 2013 in the European Union, does not require a formal certification of GMP compliance for manufacturers of cosmetic products. According to art. 8 of the said Regulation - '*Good Manufacturing Practice*' - cosmetic manufacturers are only required to observe the following provisions:

1. The manufacture of cosmetic products shall comply with good manufacturing practice with a view to ensuring the objectives of Article 1.
2. Compliance with good manufacturing practice shall be presumed where the manufacture is in accordance with the relevant harmonized standards, the references of which have been published in the *Official Journal of the European Union*.

Therefore, the adoption of the harmonized Standard UNI EN ISO 22716:2008 – *Cosmetics – Good Manufacturing Practices (GMP) – Guidelines on Good Manufacturing Practices* – by cosmetic manufacturers presumes their conformity with GMP.

In witness thereof,

Celeste Fiore
