

## MANUFACTURING STATEMENT

### Cellese, Inc.

1842 Barranca Parkway

Irvine, California

United States of America, 92606

**Date:** 12/29/2025

This certificate confirms that **Cellese, Inc.**, a manufacturer of cosmetic products duly organized and operating under the laws of the United States of America, located at *1842 Barranca Parkway, Irvine, CA 92606*, is the official manufacturer of the cosmetic products listed below.

All products are manufactured in accordance with applicable Good Manufacturing Practices (Cosmetic GMP) and internal quality procedures ensuring product safety, consistency, and regulatory compliance.

### Manufactured Product

AAPGMDXPR – AnteAGE® MD P.E.A.R.L Advanced Cell-Signaling System with Biosomes

AAMDXPR - AnteAGE® MD P.E.A.R.L Advanced Cell-Signaling System with Exosomes

Format: Boxed kit containing lyophilized vial of 10mg Activator Powder and 5ml Catalyst Solution, presented in a premium rigid box with custom thermoformed insert. The packaging is designed to house and protect the vials for shipping and use.

This rigid-box system ensures separation, stability, and protection of all components while delivering a professional, premium presentation for clinical use.

### GMP Compliance Statement

Cellese, Inc. certifies that all listed products are manufactured, filled, packaged, and released in accordance with:

- Cosmetic Good Manufacturing Practices (ISO 22716 framework)
- Applicable U.S. regulatory requirements
- Cellese internal Quality Management System procedures

These controls apply to personnel qualifications, raw material handling, equipment hygiene, manufacturing operations, batch record documentation, in-process checks, finished product testing, deviation management, complaint handling, and internal audits.

### Authorized by

Signature:

A handwritten signature in black ink, enclosed in a blue rectangular box. Below the signature, the text "F44C011DA5C0495..." is printed.
