Transportation emergency response guidebook or equivalent documentation in vehicle. Property described above is received in good order, except as noted. Carrier:

Truckload Customer SOP

In order prevent mis-delivery release of freight to imposters purporting to act for a selected carrier, it is the responsibility of the Customer / Shipper to ensure that the identity of the pickup driver and the markings on his/her equipment are checked at the point of pickup and to confirm that such markings are consistent with the carrier identified on the Bill of Lading (BOL) issued by Priority1 or generated through Priority1's system.

To help avoid potential fraud, at pickup Customer / Shipper must:

- Verify that the carrier name and MC number on the truck and trailer matches what is shown on the BOL provided by Priority1.
 - If the information does not match or there are any other discrepancies STOP and notify your Priority1 representative before loading or releasing the shipment.
- Ask to see the driver's license of the driver, make a copy (or take a digital photo), and retain a copy in your file associated with the shipment.
- Check and record the license plate numbers of each truck and trailer for each shipment and retain copies.

Thank you,

Your Priority1 Team
