If a specific shipping (dispatch) date is not designated on the face hereof or in a subsequent writing signed by Seller, Seller shall not be responsible for any delays in the performance of the Order nor liable for any loss or damages resulting from any delays. If a specific shipping date is designated either on the face hereof or subsequently by Seller, Seller shall use reasonable efforts to meet such shipping date, but shall have no liability to Purchaser if Seller is unable to do so, including without limitation liability for incidental and consequential damages for delays in delivery. Notwithstanding anything to the contrary in the Agreement, Seller will not be liable for delays in filling the Order or failure in the performance of any of its obligations hereunder if caused by any act or circumstances beyond the reasonable control of Seller, including, without limitation, accidents, lockouts, strikes or other labor disputes (whether or not relating to either party's workforce), shortages of labor, materials, fuel, or power, fires, floods, hurricanes, tornadoes, high winds, earthquakes or other Acts of God, acts or omissions of Purchaser, governmental actions or restrictions, war, invasion or hostilities (whether war is declared or not), terrorist threats or acts, riots or other civil unrest, strikes or other labor disputes (whether or not relating to either party's workforce), public health crises, restraints or delays affecting carriers, telecommunication breakdown or power outage.

Seller's liability respecting infringement shall be limited to the purchase price of the particular Goods raising the infringement charge, adjusted by straight line depreciation based on a ten-year life. Where the infringement arises from a severable component of an assembly, such as a tool part which is severable from an assembly such as a press, Seller's liability shall be limited

Purchaser agrees to indemnify Seller, its successors and assigns, against all court assessed damages and costs resulting from infringement of any United States Letters Patent or other intellectual property right to the extent that such infringement arises from designs, specifications or instructions furnished or expressly or implicitly required by Purchaser. Neither party shall be entitled to indemnification as to any claim for which it does not give prompt notice to the other party including notice respecting indemnification hereunder, and full opportunity at the expense of such other party, to defend and dispose of such claim. The sale of Goods hereunder shall not grant to the Purchaser any right or license of any kind under any patent or other intellectual property right owned or controlled by Seller, but the foregoing shall not be understood to limit in any way the right of Purchaser to use and sell such Goods in the event that such Goods as sold hereunder are not a patent or other intellectual property right owned or controlled by Seller.
