NPIP 58-127-C

NPIP Status: US Pullorum-Typhoid Clean, Salmonella enteritidis Clean and U.S. H5/H7 Avian Influenza Monitored.
Expiration: 3/31/2025

Dear NPIP Participant:

Thank you for your participation as a member of the National Poultry Improvement Plan (NPIP).

If you wish to maintain the NPIP status of U.S. Pullorum-Typhoid Clean, Salmonella enteritidis Clean and U.S. H5/H7 Avian Influenza monitored, you must have your hatchery inspected by a Department Authorized Testing Agent in accordance with the NPIP provisions.

Please visit the NPIP website: www.poultryimprovement.org and verify your information is correct.

Click on the "NPIP Participants by State" and then on Florida. If you have any questions/corrections or if I can be of further assistance; I can be contacted at 850-410-0944 or Scott.Richardson@FDACS.gov

Thank you,

Scott Richardson, DVM
